

# SPARKBRIDGE MEDIA PLAYER

## Upgrade Without Replacing

### Bring your own display with Videri SparkBridge.

Not ready to upgrade your legacy displays to Videri Digital Canvases? No problem.

Leverage Videri's external media player and manage your content with publishing tools that keep content fresh, no matter the display type.

- Easily connect to any display through HDMI and tap into the Videri Platform, unleashing the power of the Videri across your entire fleet – Videri Canvas or not.
- Monitor the health and performance of your entire network of displays in one view.

<b>Meet the Videri SparkBridge Media Player</b>	Designed for direct interoperability and improved hardware performance on the Videri Platform, this model is expected to be available to ship in Q1 2026.		SparkBridge+ brings higher performance and higher resolution to your digital content. 1U rack- mountable and ventilation holes, means it's ideal for large industrial, commercial settings.	Requiring more clearance, it is typically installed near, but not behind the display.
